Sep 2009-Jul 2013 Northwest A&F University (NWAUFU), China
Awarded the degree of B.S. in Biological Science

Aug 2013-Present Michigan State University
Ph.D student in Plant Biology

Research Experience

- State Key Laboratory of Crop Stress Biology in Arid Areas, NWAUFU

Supervisor: Dr. Fei Yu

Project 1: Arabidopsis Variegation Suppressor Mutants: Generation, Identification, and Genetic Analysis (Jun/2010- Apr/2011)

Project 2: Positional Cloning of a Variegation Suppressor Gene (Jun/2011- Mar/2013)

- Laboratory of Three-Dimensional Structures & Molecular Recognition, NWAUFU

Supervisor: Dr. Hu Tao

Project: Molecular Structures of E2 PSBD Domain and E1 1-55 Domain of PDHc Using NMR (Participant, Dec/2011-Apr/2012)
